

Savannah Smiles Daisy Bookmarks

Girl Scouts will have fun learning about the Savannah Smiles Girl Scout cookie, and then showing their appreciation when they make and share these Cookie Box Creations with their loyal customers. Suggest girls make extras to offer as gifts to customers who buy multiple packages. Be sure to have them also make one for themselves as a Girl Scout cookie season memento.

Supplies

- One empty Savannah Smiles Girl Scout cookie box per girl OR if boxes are not yet available, one set of bookmarks (one front and one back) using the art provided below printed on card stock.
- One silk daisy on a stem for each bookmark (thin straight wire stems work best) OR one 6" piece of gross grain ribbon (the color green looks nice!)
- Scissors
- Glue
- Stapler (optional)

Preparation

If you are using the bookmark templates instead of actual boxes, print and cut apart the bookmarks so that you have one front and one back per girl.

Step 1

1. Begin by introducing the girls to the new Savannah Smiles Lemon Cookies.
 - * Show them a picture of the cookie box and allow them to taste a cookie if they are available. Share with them that Savannah Smiles are "crispy, bite-sized, lemon-wedge cookies, dusted in powdered sugar and bursting with zesty lemon flavor!"
 - * Share with girls that the name of the cookie is a celebration of the Girl Scout's 100th anniversary by remembering the city where the Girl Scouts was started (**Savannah**, Georgia).
 - * The word "**Smiles**" makes us think of the Brownie Smile song, which is a fun Girl Scout memory for many girls. (Stop and sing the Brownie Smile song just for fun!).
 - * The founder of Girl Scouts, Juliette Gordon Low, went by the nick name "**Daisy**"  (hold up one of the daisies that you will use in today's craft).

Step 2

2. If you are using empty cookie boxes for this craft, then give each girl a cookie box and a pair of scissors and ask her to cut out the left side panel of the box. (It should measure about 6 ⁷/₈"H x 2 ¹/₈" W). We will call this "Side 1".

3. Then cut out a piece the same size as the side panel (6 ⁷/₈"H x 2 ¹/₈" W), from the right side of the back panel of the box. See picture for example. We will call this "Side 2"

Step 3 - daisy bookmark

4. Using a hole punch, make a hole in the top right corner of "Side 1". (Do not make a hole in "Side 2")

5. Thread the stem of the daisy through the hole, per the picture.

6. Place glue on the back of "Side 1", and then secure the back of "Side 1" to the back of "Side 2".

7. Allow glue to dry. If girls will be taking their bookmark before the glue will have a chance to set, a couple staples can be inserted to secure the two sides together while the glue dries.

Step 3 - ribbon bookmark

4. Place glue on the back of "Side 1", and then secure the back of "Side 1" to the back of "Side 2".

5. Using a hole punch, make a hole in the top center (so that the hole goes through both "Side 1" and "Side 2").

6. Fold the 6" piece of ribbon in two and thread the loop of the ribbon through the hole. Then thread the two loose ends of the ribbon through the ribbon loop, to secure it to the bookmark.

7. Allow glue to dry. If girls will be taking their bookmark before the glue will have a chance to set, a couple staples can be inserted to secure the two sides together while the glue dries.

2. Left side panel

3. Right side of back panel

4. Punch hole here

5. Thread daisy through hole in "Side 1"

6. Glue together the 2 sides

6. Ribbon Bookmark

Celebrating 100 Years of Girl Scouting

Girls visit the historic "Birthplace" in Savannah to learn about their Girl Scout heritage, enriching their Girl Scout Leadership Experience, where girls gain Courage, Confidence and Character to Make the World a Better Place.

Today, girls participating in the Girl Scout Cookie Program learn goal setting, decision making, money management, working with people and business skills. It is the largest girl-led money earning activity in the world. Proceeds from this purchase help support Girl Scouts in your community. Thank you!
